### Comments

**Type of comment:** Object to the proposal

**Comment:** I wish to object in the strongest terms possible to this proposed application. My first objection is about the sheer size and number of units proposed. To build a 5 storey block of flats in the middle of this beautiful Victorian/Edwardian enclave in the middle of Hampton Hill is absolutely outrageous. It will scar the skyline, quite apart from the proposed development not being in any sort of harmony with the existing layout of quiet Victorian residential streets.

Secondly, my objection is based on the pressure and mayhem this will cause to the surrounding roads, chiefly Hampton Hill High Street, which is already at a standstill at pretty much any time of the day, having been very badly impacted by the closure of a through route through Bushey Park, and Windmill Road, which is already a dangerous road, particularly bearing in mind that there is a school on the corner with St James's Avenue.

This strikes me as being a very greedy application, with no thought given to the surrounding neighbourhood, either architecturally or in terms of impact. I beg you to refuse this application.
