Comments

Type of comment: Object to the proposal

Comment: I view a development of this size and density to be wholly inappropriate for the community of Hampton Hill.

As a council, you say that you are committed to developing a low traffic neighbourhood. Yet the proposal consists of high density housing and around 100 car parking spaces.

Since the inception of the Burtons Road scheme, congestion, car idling and pollution has significantly increased. The traffic restriction plan is intended to extend to windmill road and further development of this sort will only make matters worse and be detrimental to the whole area. I therefore ask the council to reject this application.
