Comments

Type of comment: Object to the proposal

Comment: I strongly object to the proposed development for the following reasons.

The height and density of this development is totally out of character for the village of Hampton Hill which mainly comprises of Victorian and Edwardian cottages.

Those properties closest to the development will suffer loss of privacy and loss of light.

The traffic congestion will be severely increased in an area where the streets are narrow and already congested. This will also elevate pollution levels.

The impact on local services needs to be taken into consideration. Schools and doctors surgeries are already overstretched.

Yes the site needs to be redeveloped but not on such a large and disproportionate scale.
