### Comments

**Type of comment:** Object to the proposal

**Comment:** I would like to object to this planning proposal because I am concerned about the impact of such a building in the local area.

I believe the proposed building is excessive in height and out of character and in keeping with the local area.

This is an already densely populated area and I believe this building will only make this worse.

As a local resident and mother of 2 young children I am also very concerned about the impact of a new block of flats on the current infrastructure and local services, this includes the added pressure on the already very busy roads and the additional traffic both the construction and additional residents would bring to this small area.

I am concerned that the increase in local population will impact other local services including health services, local schools and other provisions.

I also have huge concerns during the would be construction and noise, disruption and additional safety risks that this would bring.

I would like it noted that I am opposed to this planning proposal and do not agree that this building should be allowed to be built on this site for the various reasons outlined above.
