### Comments

**Type of comment:** Object to the proposal

**Comment:** Quite simply, Hampton Hill and specifically the development space is quite a contained area with predominantly low-rise buildings. A development of five storey height will therefore rise above all the surrounding properties, be an eyesore for a considerably wider neighbourhood and is completely out of character with the buildings it will be surrounded by. This is a gross over-development and will worsen the area's already challenging parking problems and more so, traffic congestion in the High Street and around.
