### Comments

**Type of comment:** Object to the proposal

**Comment:** I wonder whether the proposers of this monstrosity have ever been to Hampton Hill? Whether they have sat in the same two mile traffic jam as me, most mornings, down Hampton Hill High Street? And whether they have waited countless times for a "couple of minutes" while the Amazon, or Courier, Driver leaves their van in the middle of, double parked, Holly Road and joined me and other motorists trying to negotiate all reversing back over a single lane bridge, designed for only the smallest of vehicles?

I very much doubt it.

Yet these same people propose that it's a good idea to introduce ridiculously-intrusive tower blocks into a village community that is already bursting at the seams with people, traffic and, subsequent, pollution and ecological issues. The roads are over-populated, the parking is non-existent and Hampton Hill simply cannot cope with housing of this magnitude. It is simply too big, too intrusive and grossly unwelcome by virtually all.

I am proud of having grown up in Hampton Hill, being educated in Hampton Hill, having an Office in Hampton Hill and spending the majority of my adult life here. Generations of families have stayed here because it has always been a safe, vibrant place to live with a community feel.

It is strongly my view that this proposed project will jeopardise everything good about this area and I absolutely urge those responsible to consider the consequences that this could, potentially, have on a beautiful village like Hampton Hill.
