### Comments

**Type of comment:** Object to the proposal

**Comment:** I believe LBRuT has recently proposed measures to slow the flow of traffic and the parking of cars in Windmill Rd as part of a 'low-traffic neighbourhood' initiative. By creating almost 100 residential car parking spaces with an opening onto Windmill Rd there will be many more traffic movements in and around Windmill Rd. We should be trying to reduce cars in Hampton Hill, not allowing developments that will bring more and more cars to the area.

In addition, 5-storey buildings are totally out of character/keeping with the whole neighbourhood. As far as I am aware there is nothing of this height anywhere nearby - the maximum height should be 3 floors to fit in with the current street line.
