### Comments

**Type of comment:** Object to the proposal

**Comment:** I object to this proposal for the following reasons:

Density of buildings: Five floor buildings are totally out of keeping with the area in Hampton Hill. This is both visually, but also in terms of the additional traffic that 111 houses and 8 commercial units will bring to the area.

Adequacy of parking: 97 car parking spaces is an under-provision for tor 111 houses and 8 commercial units.

Traffic generation: This will result in many more cars in the Eastbank Road/Edward Road area, which is already always full with parked cars. Our street, Edward Road will suffer in terms of parking for residents.

Noise and disturbance: The additional traffic will mean further disturbance for residents in terms of the traffic density in our road.

Sincerely,  
Jacqueline Lewis
