### Comments

**Type of comment:** Object to the proposal

**Comment:** I would like to strongly object to the proposed development.

Like many other local residents, I am in favour of developing the site, however it is imperative that the development is sympathetic to the village of Hampton Hill.

The current proposal will dwarf the neighbouring streets of Victorian and Edwardian, predominantly 2 story, houses and the 5 story block will become a completely inappropriate landmark. This development will be totally out of character in Hampton Hill village.

The impact on close neighbours of the development is wholly unacceptable, and the loss of light and privacy will be exacerbated by the number of balconies overlooking neighbouring properties.

It is very clear that local residents are opposed to this development on the grounds of its sheer scale and the impact that it will have on the locality. It is disappointing that Notting Hill Genesis has completely disregarded the views of local people and made very insignificant changes to the original plans. I hope that common sense will prevail and these plans will be rejected as the original ones were.
