### Comments

**Type of comment:** Object to the proposal

**Comment:** I feel a five storey building is not appropriate in the middle of what is essentially a residential area. The buildings to the right are a maximum of 3 storeys as is the current building. The effect to bushy park as well would be detrimental - there would be an environmental impact to wildlife and flora due to additional residential traffic if a 5 storey building were considered  
What is the effect on local infrastructure if an oversized development is created?
