Comments

Type of comment: Object to the proposal

Comment: Clearly this development is too high and too dense for the proposed area and given the council rejected the initial application and the changes made to the subsequent application are so minor, there is surely no justification for the council to grant permission for this second application.

Hampton Hill is already severely congested so the proposed development will add to this burden. Quite simply the proposed development is completely out of character for the area and a building five storeys high will stick out like a sore thumb. I am surprised that this was even put forward.
