### Comments

**Type of comment:** Object to the proposal

**Comment:** This development of flats will not only be an eye sore to our lovely village but create more traffic congestion and parking issues. The traffic through our village is already quite high on weekdays. This would further the situation and cause pollution. Parking is another major issue that current residents face and this development would significantly increase this issue. Finally, to build a complex four or five stories high would block light from most residents living on Holly Road as well as invade privacy of the residents. In Hampton Hill, we are proud of where we live and love the sense of community. A complex of 90 odd flats is not suitable for this area. Thank you for your consideration.
