### Comments

**Type of comment:** Object to the proposal

**Comment:** I have significant concerns about the environmental impact of this project. Additionally, putting a 4 to 5 story building in this location would have privacy / light issues for the surrounding neighbours.

This is a close-knit community and we are keen for new houses to be built but the scale of this project would significantly impact the area in a negative way. The infrastructure around would also not be able to cater for such a sizable increase in the local population.

I am opposed to the project as it is currently proposed.
