Comments

Type of comment: Object to the proposal

Comment: Although I am in favour of the development of this site, this proposal is completely unsuitable for the village location.

The suggestion that a 5 story building would be a positive addition to Hampton Hill is quite frankly ridiculous. Hampton Hill is a village, and as such a development of this height and density is totally inappropriate.

Any houses within the development should be in keeping with the Victorian and Edwardian houses which surround the site in order to maintain the character of the locality.

Loss of privacy for the many surrounding houses is also a huge issue which has been totally dismissed by the developers.

The attitude of the developers overall has demonstrated that they are concerned only with generating as much profit as possible from this development, rather than considering what is best for the location and taking residents' thoughts and opinions into consideration.
