Comment: I run a small business in this area, and it is almost impossible to find affordable workspace for light industrial use. This site seems to have been deliberately allowed to deteriorate to make any development seem like an improvement. It could easily be improved to be a vibrant centre for local businesses. The borough has already lost a lot of small industrial spaces over the years and cannot afford to lose more. I would further add that the scale of the proposed buildings is not in keeping with the local area.
