

First Floor Plan

01  
0301

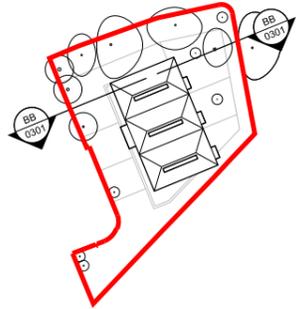

Section BB

BB  
0301

The trees T1, T2 & T3 will be pollarded every 3 years down to a 0.5m crown spread and a 6m height, to allow good daylight into the rear gardens. The trees will grow to a 3m radius and 9m tall height over the course of the 3 year cycle, before being pollarded again. The adjacent tree shows the maximum indicative height and spread of the trees after 3 years.

0 1m 5m
