Type of comment: Support the proposal

Comment: Thank you for considering this submission. I would like to support this proposal as it enhances the organisation's ability to deliver services to young people which are not easily available to urban young people. The activities supported by the organisation encourage friendship and improved mental health for young people, as well as connecting urban young people with nature, including learning about the environment and how to protect our planet. As a community we should be fostering access to these types of services.
