Comment: The changes planned will continue to provide a wonderful opportunity to children and families within the local area. Set in a quiet surrounding, the activities provided by Young Thames Mariners keep children and young adults active which is not only good for their health but also for our community- as if we create this mind set Young they often grow into healthy adults and reduce anti social behaviour and costs on our health systems.

This is what Young Thames Mariners already offer to and extent but the planned proposal bring the buildings into more inviting spaces and allow the company to offer even more activities. We think this is an asset to our area.
