Comments

Type of comment: Support the proposal

Comment: As a teacher in a Surrey Primary School I fully support the proposals. Our school have used the facilities at Thames Young Mariners for many years and the site is an ideal one to provide outdoor educational experiences for many children who otherwise wouldn't get the chance. In this time after the pandemic, the children's mental health and welfare have suffered, and any facilities that can be provided for them to build back their physical and mental health are sorely needed. In this time of the 'cost of living crisis' I think it would be money well spent as schools, youth and community groups would be able to use the facilities for those most in need. The buildings and site have looked tired for quite a few years and definitely require updating.
