Comment: Thames Young Mariners is an excellent resource for those in the area. The opportunity for all to use the water and land-based activities in nature is brilliant for their wellbeing and developing skills that can last a lifetime. My son has used the site with their Little Squirrels session from 18 months old, and my partner has done open water swimming at the site that has helped her mental health and connecting with nature. Seeing the kingfisher buzz past is a natural high. Allowing a rebuild is going to open this centre to more people, especially with the proposed residential development.
