**Comment:** I Live opposite the gates in Kneller road in which it is proposed that parents will be driving in and out to drop the children off for school.. Many Young Children cross this entrance on the way to and from Chase bridge school. Visual view is not good due to high walls and gate posts. This puts Children and other pedestrians crossing this entrance at risk. Also the gates are not wide enough to allow cars in and out together. Cars going in will need priority to stop the build up of traffic on the very busy main road. Maybe a member of staff could be on duty at school times to control both these concerns.

I Support this proposal provided this concerns are meet.
