Comments

Type of comment: Support the proposal

Comment: London Sport is a Charity based in London and its purpose is to advocate and facilitate Londoners to become physically active. As the Strategic Lead for Community Sport, I am keen to support organisations that are effective deliverers of community sport in the City.

It is our belief that in order for community sport deliverers to be effective, they must have access to modern fit-for-purpose facilities. The proposed development to replace the existing aging building stock with new more sustainable buildings is a good way for the Thames Young Mariners to create a more successful and sustainable future. In turn, we believe this will allow the organisation to get more Londoners physically active.

We are therefore supportive of their planning application.
