**Name:** Mrs. Karen Segal

**Address:** 201 Sheen Lane East Sheen London SW14 8LE

### Comments

**Type of comment:** Object to the proposal

**Comment:** A further 1071 residential properties in an area which has NO change to the local road and rail network will cause constant road congestion. There is already a reduced stopping service at Mortlake station which cannot service such a large development as it is already heavily used. Chalkers corner is already congested with traffic queuing to access the A316 and the A3003 and Mortlake high street are gridlocked and polluted with stationary traffic, even before any additional properties. There has to be either a reduction in property numbers or a significant improvement in road access and rail services. This development will negatively impact pollution in the area
