Comment: I continue to question the need for a secondary school in this area, and particularly on this site where the traffic problems are already acute and Mortlake station (when it is open, which is not the case at the moment) is so busy in commuter/school hours. I urge you to commission an independent study into the need, or otherwise, for this proposed school before coming to a decision.

Alongside this, I support Thomson House School's proposal that they move to this site from their split premises in Mortlake, thereby improving both location and safety for their pupils.

The Mortlake with East Sheen Society has made a more detailed representation regarding this application, which I wholly endorse.
