Type of comment: Object to the proposal

Comment: I don't feel there is a justified need for another secondary school in the area as there are already so many that are within a mile or so radius. Looking at the projected numbers for secondary school places over the next 10 years there will actually be a fall. Why not ensure those we have are fully filled and spend these funds on ensuring they are correctly funded. At the end of the day this school is just buying the approvals of the council for the rest of the development and is a huge white elephant. The Chalkers corner and surrounding areas cannot accommodate present traffic level so the new school and building of 800 plus flats will only exacerbate and already intolerable situation. Looking at the levels of objections this is not wanted by locals and I would also question the timing of the cut off date as people are barely back from their Christmas holiday break and more circulation and time of information I feel would also bring more objections. You are only seeing a small percentage of the true feeling of the objections.
