Type of comment: Object to the proposal

Comment: I first objected to this proposal in May 2022 and I reiterate my concerns.

A secondary school and apartment buildings of 3-9 stories will generate a huge number of people and, undoubtedly, associated traffic. This will be a nightmare for the area; gridlock is a foregone conclusion.

I am also concerned about health service (especially doctor's etc) provision.

On the side facing the river I wonder how a barrier, as shown on the plans, will fare. With huge tidal variations, will it be credible to dig two storeys below ground for parking?

Is a cinema on the site necessary?

Altogether a disastrous set of plans.
