

Comment on a planning application

Application Details

Application: 22/0900/OUT

Address: The Stag Brewery Lower Richmond Road Mortlake London SW14 7ET

Proposal: Hybrid application to include: 1. Demolition of existing buildings (except the Maltings and the façade of the Bottling Plant and former Hotel), walls, associated structures, site clearance and groundworks, to allow for the comprehensive phased redevelopment of the site: 2. Detailed application for the works to the east side of Ship Lane which comprise: a. Alterations and extensions to existing buildings and erection of buildings varying in height from 3 to 9 storeys plus a basement of one to two storeys below ground to allow for residential apartments; flexible use floorspace for retail, financial and professional services, café/restaurant and drinking establishment uses, offices, non-residential institutions and community use and boathouse; Hotel / public house with accommodation; Cinema and Offices. b. New pedestrian, vehicle and cycle accesses and internal routes, and associated highway works. c. Provision of on-site cycle, vehicle and servicing parking at surface and basement level. d. Provision of public open space, amenity and play space and landscaping. e. Flood defence and towpath works. f. Installation of plant and energy equipment. 3. Outline application, with all matters reserved for works to the west of Ship Lane which comprise: a. The erection of a single storey basement and buildings varying in height from 3 to 8 storeys. b. Residential development. c. Provision of on-site cycle, vehicle and servicing parking. d. Provision of public open space, amenity and play space and landscaping. e. New pedestrian, vehicle and cycle accesses and internal routes, and associated highways works.

Comments

Type of comment: Make a general observation

Comment: In May of last year I commented on the then proposal for the Stag Brewery site (as below)
Comment: Several people have already commented on the problem that this development will create in adding to the traffic density in the area which is already creating stress and is approaching breakdown (e.g long term gridlock). There is no sensible affordable infrastructure development which could alleviate these problems and therefore the development of this site must be limited in size and scope. It should not result in any significant increase in traffic flow through the area. Plans involving open space and a limited amount of housing should be the only ones considered. Such development would also avoid damage to the visual aspect of the site.

I see nothing in this new proposal that would make me change my view as expressed then. The traffic situation in the area has deteriorated even further since that comment was made and the proposed development will bring further and increasing chaos.
