Comment: My main objection is against the biodiversity loss that comes with the loss of natural green space. The playing field earmarked for development on is not a brownfield site. There is no turning back from this loss, including the use of Astro turf, and should be avoided at all cost.

I live across the way in Waldeck Road where the number of residents needing to park, along with the already lack of spaces, is already a real problem and historically has led to stress amongst neighbours. I do not see enough realistic parking provided for this development to not overflow onto already congested streets in the area.
