Comment: I object to the destruction of green space for a school no one needs.

- There is no case for the proposed new secondary school when the two local ones are undersubscribed and importing pupils from other borough.
- There is no justification to DOUBLE the area's population whilst REMOVING vital protected OOLTI green open space, sports fields which represent the largest open green space in Mortlake.
- Planters and pocket gardens are not a substitute for a sports field.
- No assessment of how much artificial space will increase water runoffs has been made.
- As the site is far too small for a 1250 pupils secondary school, it however could accommodate the local primary which is housed in Thomson House without outdoors area and right next to a dangerous level crossing and busy road.
