Type of comment: Object to the proposal

Comment: I am concerned about various aspects of this application, but most of all about the effect on local traffic if permission were granted. The road between Mortlake and Chalkers Corner is already very busy at most times of the day, with long delays. The addition of very substantial extra traffic would make a difficult situation almost impossible, at least while Hammersmith Bridge remains closed to vehicle traffic. The environmental and health effects would be a disaster. I therefore object to the proposal, and implore our excellent Council to refuse permission.
