Details of the pre-application advice received

No in-principle objection to rear extensions, subject to reduction in scale as discussed above.

- The side extension is acceptable.
- The roof extension as submitted is unable to be supported given its size, scale and projection above the existing roof ridge which would be out of character with the row. The applicant is advised to significantly reduce this aspect or investigate alterations through a Permitted Development Application.
- There are concerns for no.7 and the potential visual overbearing impact and loss of light from the two storey rear extension.
- All new doors and windows should be visually similar to the existing arrangement, and extensions should also utilise matching materials.
- No objection raised to the removal of the chimney.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
