Comment: I would like to strongly object to this unnecessary school development on the Brewery site for the following reasons...

The proposed residential development for this site is already ridiculously large for this location the adding of a school to this site defies understanding given all the overdevelopment issues that the residential development will already cause...

This school is NOT NECESSARY and will have a negative impact on the future viability of other Richmond Secondary schools... the council's future pupil projections have been debunked numerous times by independent experts ...

The siting of the school here will make the already dreadful traffic situation in the area exponentially worse...just the kids using crossings on the Lower Richmond will have this effect ... let alone the extra caused by parents dropping kids off to the school..

Siting a school between two of the boroughs busiest roads is also seems a dreadful ideal due to the pollution levels the children will be exposed to
