

Comment on a planning application

Application Details

Application: 22/0900/OUT

Address: The Stag Brewery Lower Richmond Road Mortlake London SW14 7ET

Proposal: Hybrid application to include: 1. Demolition of existing buildings (except the Maltings and the façade of the Bottling Plant and former Hotel), walls, associated structures, site clearance and groundworks, to allow for the comprehensive phased redevelopment of the site: 2. Detailed application for the works to the east side of Ship Lane which comprise: a. Alterations and extensions to existing buildings and erection of buildings varying in height from 3 to 9 storeys plus a basement of one to two storeys below ground to allow for residential apartments; flexible use floorspace for retail, financial and professional services, café/restaurant and drinking establishment uses, offices, non-residential institutions and community use and boathouse; Hotel / public house with accommodation; Cinema and Offices. b. New pedestrian, vehicle and cycle accesses and internal routes, and associated highway works. c. Provision of on-site cycle, vehicle and servicing parking at surface and basement level. d. Provision of public open space, amenity and play space and landscaping. e. Flood defence and towpath works. f. Installation of plant and energy equipment 3. Outline application, with all matters reserved for works to the west of Ship Lane which comprise: a. The erection of a single storey basement and buildings varying in height from 3 to 8 storeys. b. Residential development. c. Provision of on-site cycle, vehicle and servicing parking. d. Provision of public open space, amenity and play space and landscaping. e. New pedestrian, vehicle and cycle accesses and internal routes, and associated highways works.

Comments

Type of comment: Object to the proposal

Comment: I wish to Object to this development for the following reasons:

Applications A & B

Density, Building Height & Scale of Development

- The scheme now proposes 1071 residential units, a minor reduction of 14 from the March 2022 submission, and thus remains far too dense given the prevailing scale and density of the existing community, the sensitive riverside location, heritage context, and the severe and unique access constraints of this site.
- The Council's own Design Review Panel (DRP) - "felt the scheme is too dense for this area - and resonates more with Central London where higher density is expected." (DRP letter 28.02.22).

Affordable Housing

- Despite the increase in residential units to 1071 from 813 in the earlier 2020 planning applications the affordable percentage remains exceedingly low at around 19% - (39 Intermediate units and 165 Social Rent).

• Infrastructure, Highways & Access

- Traffic generation and congestion remain as major concerns and objections to these proposals. There is just one means of access/egress to the site which is already gridlocked and not just at peak times. The supporting reports and data simply do not reflect the actual conditions of severe congestion and poor air quality.
- Local residents are experiencing huge delays in travelling out of the area by car due to already increased congestion throughout the day, and equivalent delays on returning into Mortlake.
- Development of the Homebase site, the Barnes Hospital site, and future redevelopment of the Kew Retail Park will make

local conditions unsustainable.

- Hammersmith Bridge remains closed to traffic with no prospect of it being fully re-opened for vehicular traffic and bus services for many years.
- Local bus and train services have also been reduced and although 106 Agreement funds are allocated for improved local bus services, TfL have confirmed there are no definitive plans.
- How Stantec can justifiably substantiate their proposed upgrading of the PTAL accessibility of the site given the above is implausible. (See Technical Note - Bespoke PTAL Calculation Summary - 01.07.22).

Application B - New Secondary School
School Place Needs, Siting and OOLTI

- There remains no justification for the need of the proposed new secondary school. Data produced almost 10years ago to support this is now invalid. Since then, we have experienced families moving out of London, drop in population statistics and this is already feeding through to reductions in primary school place needs.

For these reasons alone both inter-linked applications should be refused
