Comments

Type of comment: Object to the proposal

Comment: I support the views expressed by the Mortlake with East Sheen Society in their submission. In particular:

1. Local surgeries are under extreme pressure. To introduce this number of houses on this Site without providing extra physical capacity is inappropriate.
2. Given the recent flooding is the Council satisfied that sufficient flood protection is built in to the proposals. I understand this Site is vulnerable to a tidal surge. We don't want new houses or other parts of Mortlake damaged by over development here.
