Type of comment: Object to the proposal

Comment: I endorse the comments of the Mortlake with East Sheen Society. In particular:

1. I can see no justification for a Secondary School on any part of the Site. I have for the last 10 plus years helped to host visits by primarily Primary Schools to two sites in the London Borough of Richmond. Over the last 3- 4 years the numbers in each Primary School Class attending has fallen. In one school 2 classes have shrunk to 1 with only 18 pupils in that Class. Yes more housing on the adjoining Site means more pupils but there are not many family sized homes in the proposals and having a further Secondary School will simply damage RPA & Christs and leave the new Secondary School unable to fill its rolls.
2. A primary School would be a more appropriate use and relocation of Thomson House from two sites to one would be a sensible use of the Site
3. A smaller footprint should preserve more of the current grass playing fields which would benefit the Community
