Type of comment: Object to the proposal

Comment: I do not support this proposal on the grounds of insufficient evaluation of the needs for a secondary school and sixth form in this area - and that the relocation of Thompson House School is a far more logical use of this site.

Further concerns relate to the impact on:

- * Bat numbers in the area, as negatively effected by the presence of floodlight sports pitch ((22/0902/FUL general point)
- * That the broader environmental impact of this project especially in its developmental stage (use of heavy machinery) has not fully been considered.
- *Noise pollution will negatively impact the learning of young children who attend nursery schools very close to this development site.
