Type of comment: Object to the proposal

Comment: Whilst some modification has been made to the development proposals for Application B 22/0902/FUL I continue to have the objections I raised previously (ref. FS425678365 dated 28 May 2022) as the changes in relation to my objections have been so minor as to make no material difference.

An additional comment that I would make at this time are that:

The proposed improvements in social infrastructure are not commensurate with the increase in resident population by some 2,500, a student community increase of 1,250 and some growth in working population, which will put increased strain on local community facilities.
