Comment: Richmond Park Constituency Labour Party objection to Planning Application B - 22/0902/FUL

Richmond Park Labour Party maintains it's objection to the siting of a secondary school on part of the Brewery land. We don't believe the school is needed there. There is already a secondary school, a walking distance away with good facilities and green space. The detailed research carried out by two respected local analysts suggests that the local demographics do not support a new school, especially one built in a cramped site; a site which would actually mean the loss of part of a large field which is much treasured by the local community. We would rather see this as an opportunity to keep the Brewery field and use some of the site of the proposed school as the location for more affordable housing.
