Type of comment: Object to the proposal

Comment: I support the response made by the Mortlake with East Sheen Society in objecting to this application.

Likewise, I am pleased that following its recent meeting the Education Committee will await the outcome of the School Place Planning Strategy before forming a view.

Meanwhile, proposals for the site have not changed and appear to conflict with guidance set out in the London Plan. According to DfE guidelines the site is too cramped for a secondary school on this scale, while Thomson House is far better suited to the site; as with the hybrid application, accessibility is not thought through and increased footfall at an already dangerous level crossing will only add to the risk to health and safety of pupils and the travelling public; the loss of OOLTI land cannot be justified, especially given the DRP's recommendation that more not less open green space is required.
