Type of comment: Support the proposal

Comment: The committee at Whitton Park Spots Association fully support the proposal to convert Kneller Hall into a secondary school teaching establishment. The grounds and the buildings have had no investment for many years now and the whole area is looking very tired and run down. The new plans will enable the community to benefit from the new sports facilities, (Even more so if some of the pitches have floodlights) which in turn will also help many local small business.

We are in very much need of extra playing facilities locally, as one of the clubs that play at our grounds ie Whitton Wanderers have 36 teams with over 450 local children playing and we are in much need of extra sports facilities especially floodlights for midweek training.
