### Comments

**Type of comment:** Object to the proposal

**Comment:** There are only six parking spaces for 24 units so there'll be overcrowded parking. If you intend to build you should incorporate parking within the grounds.

Also whilst this project will be going on there will be another big build going on at 4 Cromwell Rd. So will increase deliveries of materials trucks for disposal of materials skips etc so massive amount of congestion and noise. Also when this project is underway there will be trades etc coming and going causing all sorts of overcrowding. The wildlife in and around the local site will be affected and at peril of demise.

The project is totally over the top and only benefits people who'll make profit from this.
