Type of comment: Object to the proposal

Comment: I live in The Mews, 53 Hampton Hill High Street.

I am concerned that the level of traffic would increase hugely if this residential development went ahead. Holly Road, Windmill Road and Hampton Hill High Street are all narrow roads with existing high levels of traffic. Windmill Road is already a busy cut-through to the A312.

This increased traffic would also cause the air pollution to increase to the detriment of all. I am not so concerned about the noise and dirt of the construction process and the space cannot remain empty - however do we have enough infrastructure in place in the area to accommodate the extra residents which this scheme would generate?
