Type of comment: Object to the proposal

Comment: I have previously objected to this application and cannot see that there wre any changes to the previous application. I again object for the following reasons:the development is too large for Hampton Hill which is considered to be a village. The 3-5 storey building will dominate the High Street and take away the privacy of nearby residents. Windmill Road and Holly Road are very narrow and there is already a problem with the volume of traffic using the roads together with parking in the area. How will the construction vehicles gain access to the site? Windmill Road is already used as a cut through to the High Street and with cars parked on one side of the road you have to give way to oncoming vehicles. Also with the additional residents this will have a great impact on the infrastructure in the area such as GP appointments which is already under pressure, schools etc.
