### Comments

**Type of comment:** Object to the proposal

**Comment:** Previous objections still stand.

The height is not in keeping with the locality and therefore contrary to the local plan.

The style of the buildings is also totally out of keeping with existing local buildings so contrary to the local plan.

The bulk, and proximity to the local Victoria terraced houses, is a particularly un-neighbourly form of development.

These objections were particularly highlighted in the Inspector's report when dismissing the appeal on a previous application. This appeal identified false reasons for rejecting that application at council level. Councillors and Council Officers need to note the inspector's comments relating to the effect on the locality and over bearing, over development proposed which is widely objected to locally. Not taking note of these objections would leave a democratic disconnect to the local electorate/population.
