Comments

Type of comment: Object to the proposal

Comment: I strongly oppose to the proposal. It will have a severe detrimental impact on Hampton Hill together with a high risk to safety from a traffic and pedestrian perspective.

The proposal is a complete over development of the site.

The proposed buildings are too high and will dwarf and overlook (intrude in) existing properties nearby. The access into Windmill road will dramatically increase traffic in Windmill Road which is already heavily congested especially at school times. The proposed parking on site is insufficient and will increase parking issues in surrounding roads - and the High Street especially.

The general local infrastructure which is already stretched will not cope with the amount of proposed dwellings

Please listen to the local residents - we have chosen to live and invest in the local community and this proposal with severely damage our experience of a vibrant space from a safety and infrastructure perspective. I strongly oppose to the proposal
