Comments

Type of comment: Object to the proposal

Comment: The revised plans are not significant enough to impact those of us who will be impacted by this development. My main objection is the 5 storey flats which will dominate the skyline around our area. Most people are not objecting to the development but more the greed of the develops who are trying to get maximum occupancy from the footprint. Hampton Hill is not an area for high rise blocks, 3 storeys would be acceptable. We really hope that the council supports this and rejects this proposal again, until the developers support and have empathy for the current residents.
