### Comments

**Type of comment:** Object to the proposal

**Comment:** The developers have not reduced the number of dwellings that they are proposing. The height of these proposed buildings would make themselves stand out with neighbouring buildings and would increase the traffic in the surrounding area. Hampton Hill is already congested and another 112 dwellings would make even worse for those who already live here. The infrastructure does not exist for this increase both in transport and sewerage and the noise and light pollution levels would increase dramatically.
