### Comments

**Type of comment:** Object to the proposal

**Comment:** Please refer to my previous objection.

Over development of the site, density of housing, lack of sufficient parking, inability of local streets to take more traffic particularly on Windmill and streets surrounding. This will lead to residents parking permits which is not requested nor wanted by residents. High street parking and car parks will also be used for resident parking from the development as a short walk away. Overdensity. More parking should be accommodated within the development.
