Comments

Type of comment: Object to the proposal

Comment: Not only is development on this scale not in keeping with the local environment it is not sustainable in terms of the added pressure on the roads and services. Hampton Hill is becoming increasingly polluted and congested with ever increasing numbers of cars on the road as it is. To add to that the increasingly limited amount of parking on the high street as more and more people frequent shops/amenities is also problematic. Added to the strain on local services. It is already almost impossible to see a GP without waiting weeks anymore.
