

Application reference: 23/1020/GPX13 SOUTH TWICKENHAM WARD

Date application received	Date made valid	Target report date	8 Week date
14.04.2023	19.04.2023	14.06.2023	14.06.2023

Site:

St Marys College, 268 Waldegrave Road, Twickenham, TW1 4SX

Proposal:

The proposed development comprises of two new extensions, which includes a new entrance foyer and extending the main function with a new raised terrace. The building would be increased in height to provide a new mezzanine floor above the main function room. This new mezzanine mansard roof would be lower than the existing adjoining roof

Status: Pending Consideration (If status = HOLD please check that all is OK before you proceed any further with this application)

Development Management

Status: GTD

Date: 16/02/2023

Application: 23/T0009/TPO

Reasons for Works = Trees encroaching on building and causing leaf litter.

Requires cutting away from lights as making car park area dark in the Winter. T3 London plane (Platanus x acerifolia) - In Main car park.

Crown Reduction - Reducing the height and spread of the tree by up to 3m.

Final height 15m and spread 9m T4 London plane (Platanus x acerifolia) In car park near entrance. Crown Reduction - Reducing the height and spread of the tree by up to 4m. Final height 15m and spread 12m

Development Management

Status: GTD

Date: 03/04/2023

Application: 23/T0072/TPO

T6 Cedar (Cedrus spp) Crown Reduction - Reducing the height and spread of the tree by up to 2m. Final height 18m and spread 12m to lessen branch end weight Prune from property and remove deadwood and hanging branches

Development Management

Status: PCO

Date:

Application: 23/0917/FUL

Vertical Platform Lift System is to be located on the M Block West Elevation. New windows and doors to M block and L40 housing louvres for mechanical ventilation and heating connected to the proposed roof-mounted PV and ASHP (ref. planning application PP-11817151)

Development Management

Status: PCO

Date:

Application: 23/1020/GPX13

The proposed development comprises of two new extensions, which includes a new entrance foyer and extending the main function with a new raised terrace. The building would be increased in height to provide a new mezzanine floor above the main function room. This new mezzanine mansard roof would be lower than the existing adjoining roof

1. INTRODUCTION

This application is of a nature where the Council's Constitution delegates the authority to make the decision to Officers rather than it being determined by the Planning Committee.

By indicating that the development proposal complies with the relevant provisions of the Town and Country Planning (General Permitted Development) Order 2015 (as amended) the planning officer is taking into account the information submitted with the application and any previous relevant applications.

No information has been discovered revealing removal of permitted development rights, it is therefore understood that the property's permitted development rights are intact and there are no restrictive conditions or outstanding Enforcement notices covering the property.

2. DESCRIPTION OF THE SITE

The site is located in the grounds of St Mary's University. The particular block in question is a two storey block of contemporary construction located on the corner by the playing fields and athletics track.

The application site is situated within Strawberry Hill Village. Being a very large site, it has a large number of designations. Several heritage designations apply to the site:

- Archaeological Priority (English Heritage) (Site: Strawberry Hill - Remains of 18th century landscape garden, and house built from around 1749 until 1777)
- Registered Park / Garden. (Site: STRAWBERRY HILL - Grade: II*)
- Conservation Area (CA54 Waldegrave Park Teddington)
- Building of Townscape Merit (Site: 21 Waldegrave Park Twickenham Middlesex TW1 4TL)
- Building of Townscape Merit (Site: 33 Waldegrave Park Twickenham Middlesex TW1 4TJ)

- Building of Townscape Merit (Site: St Marys College Chapel Waldegrave Road Teddington)
- Listed Building (Grade: I Site: Chapel In The Woods Waldegrave Road Teddington Middlesex)
- Listed Building (Grade: I Site: St Marys University College 268 Waldegrave Road Twickenham Middlesex TW1 4SX)
- Listed Building (Grade: II Site: St Marys College Chapel Waldegrave Road Teddington)
- Listed Building. (CHAPEL IN THE WOOD, STRAWBERRY HILL - Grade: I - Location of listed building or structure is identified here by Historic England.)
- Listed Building. (CHAPEL, ST MARY'S UNIVERSITY COLLEGE - Grade: II - Location of listed building or structure is identified here by Historic England.)
- Listed Building. (STRAWBERRY HILL (ST MARY'S TRAINING COLLEGE) - Grade: I - Location of listed building or structure is identified here by Historic England.)

The site also has numerous flooding designations, including:

- Area Benefiting Flood Defence - Environment Agency. (Areas Benefiting from Defences)
- Area Susceptible To Groundwater Flood - Environment Agency (Superficial Deposits Flooding - >= 75% - SSA Pool ID: 337)
- Critical Drainage Area - Environment Agency (Strawberry Hill [Richmond] / Ref: Group8_003 /)
- Increased Potential Elevated Groundwater (GLA Drain London)
- SFRA Zone 3a High Probability (Flood Zone 3)

Additional designations include:

- Land Use Past Industrial (Electricity Industry Facilities Start: 1967 End: 2004)
- Metropolitan Open Land (Site: Strawberry Hill Coll - MOL - LP 13)

3. DESCRIPTION OF THE PROPOSAL AND ANY RELEVANT PLANNING HISTORY

It is proposed to extend the block at ground floor level to construct a foyer facing towards the athletics track. A smaller infill extension on the ground floor is also proposed on the west side of the building. It would also be extended at first floor level to create a mezzanine level to the function room and an outdoor terrace with space in the roof for plant equipment.

The comprehensive list of planning history can be found above.

4. ASSESSMENT AGAINST THE GPDO CRITERIA

This application is for determination as to whether prior approval of an extension to a university is required. The determination is made in relation to the provisions of Schedule 2, Part 7, Class M of the Town and Country Planning (General Permitted Development) Order.

M.1 Development is not permitted by Class M if:

		Complies	
A	if the cumulative footprint of any erection, extension or alteration under Class M on or after 21st April 2021 would exceed the greater of— (i)25% of the cumulative footprint of the school, university, prison or hospital buildings as it was on 21st April 2021; or (ii)250 square metres;	Yes (see below)	
B	in the case of a college, university, prison or hospital building, if any part of the development would be within 5 metres of a boundary of the curtilage of the premises;	Yes	
C	if, as a result of the development, any land used as a playing field at any time in the 5 years before the development commenced and remaining in this use could no longer be so used;	Yes	
D	if the height of any new building erected would exceed: (i) if within 10 metres of a boundary of the curtilage of the premises, 5 metres; or (ii) in all other cases, 6 metres;	Yes	
E	(e)if the height of the building as extended or altered would exceed—	Yes	

	(i)if within 10 metres of a boundary of the curtilage of the premises, 5 metres; or (ii)in all other cases, the height of the building being extended or altered;		
F	if the development would be within the curtilage of a listed building; or	Yes	
G	unless— (i)in the case of school, college or university buildings, the predominant use of the existing buildings on the premises is for the provision of education; (ii)in the case of hospital buildings, the predominant use of the existing buildings on the premises is for the provision of any medical or health services (iii) in the case of prison buildings— (aa) the predominant use of the existing buildings on the premises is for the confinement of prisoners in closed conditions; (bb) the buildings are located on a site with a closed perimeter; and (cc) the development does not involve the erection, extension or alteration of any building beyond the perimeter as it stood on 21st April 2021	Yes	

M.2 Conditions

		Complies		
A	the development is within the curtilage of an existing school, college, university or hospital;	Yes		
B	the development is only used as part of, or for a purpose incidental to, the use of that school, college, university, prison or hospital;	Yes		
C	any new building erected is, in the case of article 2(3) land, constructed using materials which have a similar external appearance to those used for the original school, college, university, prison or hospital buildings;			n/a
D	any extension or alteration is, in the case of article 2(3) land, constructed using materials which have a similar external appearance to those used for the building being extended or altered.			n/a
E	where proposed development under Class M relates to the erection, extension or alteration of a school building that results in an increase in the school's published admission number, the developer must, within a period of six months starting with the date the development is completed, submit to the local planning authority a travel plan for the site;			n/a
F	where proposed development under Class M relates to the erection, extension or alteration of a university building, development is permitted subject to the condition that before beginning the development the developer applies to the local planning authority for a determination as to whether the prior approval of the authority will be required as to— (i) transport and highways impacts of the proposed development; (ii) the design and external appearance of the erection, extension or alteration; or (iii) the impact of the development on heritage and archaeology;		No (see professional comments)	
G	an application required under paragraph (f) is to be made and determined in accordance with paragraph M.2A (procedure for applications for prior approval under Class M);	Yes		
H	(h) development approved pursuant to an application under paragraph (f) is permitted subject to the	To be conditioned		

condition that it is completed within a period of three years starting with the prior approval date.			
--	--	--	--

The total floorspace proposed is calculated as follows:

Ground floor (Foyers)

$$3.2 \times 11.5 = 36.8$$

$$5.6 \times 3.5 = 19.6$$

$$3.6 \times 3.2 = 11.5$$

$$3.6 \times .9 / 2 = 1.62$$

$$= 69.5\text{m}^2$$

1st floor (mezzanine)

$$13.1 \times 9.1 = 119.21$$

$$1.7 \times 6.85 = 11.6$$

$$(1.25 \times 5.75) / 2 = 3.6$$

$$7.8 \times 1.55 = 12.09$$

$$3.5 \times 5.5 = 19.25$$

$$(1 \times 5) / 2 = 2.5$$

$$= 168.25\text{m}^2$$

$$= 237.75\text{m}^2$$

As a result, the total floorspace added to the building would not exceed 250 sq. m or 25% of the floor space of the university as a whole. As such the proposed plans are thought to meet the criteria in Paragraph A above.

5. CONSULTATIONS CARRIED OUT

Adjoining neighbours have been consulted on the application, and no objections have been received.

Internal consultations have also been carried out with Transport and Urban Design departments of the Council.

6. PROFESSIONAL COMMENTS

Transport and Highways Impacts

Policy LP45 of the Local Plan outlines that development must demonstrate an appropriate level of off-street parking to avoid an unacceptable impact on on-street parking conditions and local traffic conditions. It is further stated that in areas with a low Public Transport Accessibility Level (PTAL) rating (1-4), it is particularly important that parking standards are met as set out in Appendix 3 'Parking Standards' of the Local Plan. The Council's Transport SPD is also relevant.

The proposal would result in the loss of five off-street parking spaces. The site has a PTAL of 2 and is not in a Controlled Parking Zone (CPZ). It is not proposed to alter the number of students or staff on site, or to provide additional parking space elsewhere on the site. The Transport officer consulted on the application made the following comments:

Objection, because the applicant has not provided a Car Park Utilisation Survey or on street Parking Stress Survey which shows that the five employees that will no longer be able to park in any of the five car parking spaces lost can do so without causing a high level of on-street parking stress.

The application has not demonstrated that the impacts in terms of transport and highways would be acceptable. As such, it is not considered to comply with Policy LP45 of the Local Plan.

Design and External Appearance

The existing building was constructed in the 1950s or 1960s and is formed of yellow stock brick walls, pitched roof with clay tiles. It has large full height windows with stone cills facing towards a small parking area and the athletics track. On the other sides it has a flat-roof section with parapet which wraps around the pitched roof. A series of blind alcoves faces a parking area.

The proposed development comprises extensions at ground and first floor level. At ground floor level a new foyer would be built on the east elevation, facing towards the athletics track. This would have a flat roof and be built in stock brick and dark cladding with grey aluminium windows. A foyer would also be built on the west elevation, this would consist of curved rheinzink cladding and grey aluminium doors. It is also proposed to add an additional mezzanine storey to the building. This would remove the existing tiled roof and create be

a reinzink mansard roof with aluminium grey doors giving access to a terrace. A smaller section of the first floor would be formed from stock brick. On the south elevation it is proposed to add small sections of green wall.

The extensions and additional mezzanine level would not be overly dominant in relation to the rest of the building in terms of scale. The mezzanine level would not be taller than the roof of the adjoining building. The materials proposed to be used are not the same as the original building and would be a visible contrast with it. However, there are a variety of architectural styles and materials present on the university campus dating to different periods. The proposed treatment would not be out of keeping with this varied context. The use of different materials is thought to make a clear distinction between the old and new buildings in a positive way. As such the overall treatment of the design per se is thought to be broadly acceptable.

However, it should be noted that the ground floor extension facing onto the athletics track would extend onto Metropolitan Open Land (MOL).

Paragraphs 147-151 of the NPPF give guidance on development in Green Belt and Metropolitan Open Land (MOL) areas with the aim of keeping land permanently open, that is free from all forms of built development. Paragraph 149 states that most new buildings are inappropriate development in these areas but gives a list of exceptions.

Policy G3 of the London Plan makes clear that 'Metropolitan Open Land (MOL) is afforded the same status and level of protection as Green Belt: 1) MOL should be protected from inappropriate development in accordance with national planning policy tests that apply to the Green Belt 2) boroughs should work with partners to enhance the quality and range of uses of MOL'.

Policy 13 of the Local Plan states that "Metropolitan Open Land will be protected and retained in predominately open use... appropriate uses within Green Belt or Metropolitan Open Land include public and private open spaces and playing fields, open recreation and sport, biodiversity including rivers and bodies of water and open community uses including allotments and cemeteries."

As stated above, Paragraph 149 of the NPPF states that all new building is inappropriate unless there is an exception. Exceptions include:

- b) the provision of appropriate facilities (in connection with the existing use of land or a change of use) for outdoor sport, outdoor recreation, cemeteries and burial grounds and allotments; as long as the facilities preserve the openness of the Green Belt and do not conflict with the purposes of including land within it;
- c) the extension or alteration of a building provided that it does not result in disproportionate additions over and above the size of the original building;
- d) the replacement of a building, provided the new building is in the same use and not materially larger than the one it replaces

It is not thought that the proposed development would meet any of the exceptions listed for building on Metropolitan Open Land. The extension is not thought to meet exception 149.B above as it would host a foyer and not be in direct service to outdoor activities. The proposed extension is not thought to meet the exception given in 149.C above, as the extension would result in over 200m² of additional floor space being added to the building. This cannot be considered a proportionate addition in relation to the original building which dates to at least the 1960s and has already been significantly altered and extended over the years. The extension is not thought to meet exception 149.D as the building in question is not being replaced, but altered and extended. As such the proposed development would be considered inappropriate development in Metropolitan Open Land. It has not been demonstrated by the applicant that any Very Special Circumstances apply here to allow inappropriate development in this case. As such the proposed development would not pass the tests to allow development on MOL.

The appropriateness of the design and external appearance of a building cannot be separated from its setting and immediate context. This has been established by case law, for example *Cab Housing Limited v Secretary of State for Levelling Up, Housing and Communities, and Broxbourne Borough Council* [2022] EWHC 208 (Admin) (3 February 2022); and *between Beis Noeh Limited v Secretary of State for Levelling Up, Housing and Communities, and Haringey London Borough Council* [2022] EWHC 208 (Admin) (3 February 2022); and *between Rotenbe v Secretary of State for Levelling Up, Housing and Communities, and Haringey London Borough Council* [2022] EWHC 208 (Admin) (3 February 2022). This judgement supports the view in relation to **Part 1 Class AA of the GPDO** that the "external appearance of the dwellinghouse" is not limited to the impact on the "subject property itself". For example, it can include the impact of that appearance on "neighbouring premises and the locality". This can logically be applied to Schedule 2, Part 7, Class M of the GPDO.

In this case the immediate locality includes an area of MOL. The character and appearance of the MOL is defined by its general openness and the absence of built structures. Therefore, the extension onto MOL

Officer Planning Report – Application 23/1020/GPX13 Page 26 of 29

designated land would be harmful to the character and appearance of the site. As such this aspect of the design is considered to be contrary to Chapter 13 of the NPPF, Policy G3 of the London Plan, and policies LP1 and LP13 of the Local Plan (2018).

Impact of the development on heritage and archaeology

The heritage assets in proximity to the site are identified as:

- Strawberry Hill House (Grade I listed building)
- Chapel in the Wood (Grade I listed building)
- Chapel, St Mary's University College (Grade II listed building)
- Strawberry Hill (Grade II* registered park/garden)
- Strawberry Hill Road Conservation Area

Part of the university campus forms an Archaeological Priority zone, but the application site is not in it. None of the heritage assets identified are in the immediate vicinity of the application site. However, the application site could be said to form part of the setting of all of them. The closest is the College Chapel which is the only heritage asset which might plausibly be seen in the same view as the application building. This is due to the open space to the east of campus which is designated as Metropolitan Open Land (MOL) and affords longer views. However, the overall height and mass of the proposed extensions would not be larger than the adjoining building which largely screens the application site from the heritage assets. The use of materials, while a contrast, would not distract the eye especially when viewing any of the identified heritage assets. As such, the proposal is not thought to detract from the setting or value of the nearby heritage assets.

6. RECOMMENDATION

The permission of the Council is required.

The prior approval of the Council is refused for the development.

Reasons

The proposal, which would result in the loss of off-street vehicle parking spaces, has failed to demonstrate that it would not result in increased on-street parking stress, that is to say that it would not have an unacceptable impact in terms of transport and highways. As such, the proposal is not thought to comply with Paragraph M.2 (F) of Schedule 2, Part 7, Class M of the Town and Country Planning (General Permitted Development) Order 2015 (as amended).

The proposal, by extending onto Metropolitan Open Land, would be harmful to the open character and appearance of the immediate locality of the building and, therefore, represents an extension of inappropriate design and external appearance contrary to Paragraph M.2 (F) of Schedule 2, Part 7, Class M of the Town and Country Planning (General Permitted Development) Order 2015 (as amended).

Recommendation:

The determination of this application falls within the scope of Officer delegated powers - YES / NO

I therefore recommend the following:

- 1. REFUSAL
- 2. PERMISSION
- 3. FORWARD TO COMMITTEE

This application is CIL liable YES* NO
(*If yes, complete CIL tab in Uniform)

This application requires a Legal Agreement YES* NO
(*If yes, complete Development Condition Monitoring in Uniform)

This application has representations online (which are not on the file) YES NO

This application has representations on file YES NO

Case Officer (Initials): JPH

Dated: 13/06/2023

I agree the recommendation: CTA

Team Leader/Head of Development Management/Principal Planner

Dated:14/06/2023.....

This application has been subject to representations that are contrary to the officer recommendation. The Head of Development Management has considered those representations and concluded that the application can be determined without reference to the Planning Committee in conjunction with existing delegated authority.
